STATEMENT OF COMMITMENT

Mr Mitchel Maniram, the CEO of PHOENIX INDUSTRIAL, states: “One cannot risk jeopardising the safety of people and valuable investments by not adhering to safety standards and regulations. At PHOENIX we aim to provide high risk industries with affordable solutions for their day to day safety needs.”

PHOENIX INDUSTRIAL is strategically positioned to offer a comprehensive solution to individual and company needs based on our professional and technical expertise. The focus on Phoenix is to form partnerships with its customers and to provide the best safety solutions possible by adding value through service excellence and quality products.

Phoenix Industrial & Safety Suppliers was established in 1993 and its focus was mainly to supply cleaning rags to industries around the Gauteng area. Since then the company has positioned itself strategically and has expanded its operations nationally and internationally.

The CEO’s entrepreneurial spirit coupled with innovative, organised and controlled methods of management has expanded the business from a house-based operation into a medium sized business. In it’s 25 years of existence, the company has grown substantially, penetrating into local and national markets, and has diversified into manufacturing its own branded range of safety products. The company employs a diverse group of people with a staff compliment of 350. PHOENIX INDUSTRIAL is a fully BEE compliant company and its staff compliment is a fair representation of the demographics of South Africa. The company follows the employment equity plan and has developed and trained staff from disadvantaged communities, including disabled individuals.

VALUES

PHOENIX INDUSTRIAL is committed and dedicated toward all stakeholders based on a strong sense of honesty, reliability and integrity in all its dealings and transactions. The company is actively involved in social development programmes and community upliftment schemes.

INDUSTRIES BEING SERVICED

SOME OF OUR MAJOR CLIENTS

COMPANY PROFILE

VISION STATEMENT
To become one of the recognised choice Safety and Industrial Suppliers in the South African and neighbouring markets.

MISSION STATEMENT
To manufacture and supply safety and industrial products that are affordable and durable by using all available resources.

CLEANING RAGS MANUFACTURING
At Phoenix Industrial and Safety Suppliers we have a dedicated 5000m² Cleaning Rag manufacturing factory with a daily production output of 18 tons. Phoenix manufactures a variety of cleaning rags using the latest state-of-the-art machinery from the USA, Canada and the UK. All procedures are compliant to ISO standards. Various categories of rags are manufactured for different applications.

WORK-WEAR MANUFACTURING
Phoenix houses a 1000m² Work-Wear manufacturing plant that manufactures “Rough ‘n Tough” brand Conti Suits, Overalls, Boiler Suits, Domestic Overalls, Caps and Aprons using state-of-the-art electronic machines. All procedures are as per ISO standards and in accordance with SABS.

HARD HAT MANUFACTURING
Phoenix has embarked on manufacturing its own “TUFF” brand hard hats and since its launch has become a quality product that is taking the market by storm. The product is manufactured in-house at its own 200m² manufacturing facility. The daily output at present is 3,000 units using the latest Injection Moulding machinery. The product is SABS approved and procedures are ISO compliant.

SAFETY FOOTWEAR MANUFACTURING
Phoenix has been manufacturing Safety Footwear for many years in their dedicated 1,000m² factory. Through the years Phoenix has taken advantage of advanced technology by using the latest machinery available. Daily production of the “Inkunzi” brand Safety Footwear has increased to 1,000 pairs. All footwear products are SABS approved and comply with all ISO required standards.

RETAIL CASH & CARRY STORE
In line with its positioning strategy and to excel in customer service, Phoenix has introduced an all new retail store. A Cash & Carry style, customer friendly, fully stocked, 1,000m² factory store. Just walking distance from the manufacturing plant the store offers a walk-in one-stop facility for customer convenience. This store offers all safety products manufactured by Phoenix as well as a full range of augmented safety and industrial products at discounted prices direct to the public. Bulk buyers receive a lucrative trade discount. Many branches countrywide.
POLO COLOURED
Cotton blend, reclaimed material, thin and light weight. Ideal for general maintenance, painters & workshops.

COLOURED VESTING (CV)
Perfect for a variety of applications and environmentally friendly. Phoenix RAGS are made from worn sweat shirts. Sturdy cotton fabric is known for absorbency and durability - wet or dry. Comes in a variety of mixed colours.

FLANNEL
Excellent for polishing automotive finishes and metal. Very absorbent, soft and light weight.

TOWELLING
Terry one side and smooth on the other side. Reclaimed material. Multipurpose rag. Low lint. Excellent for janitorial / custodial applications.

MUTTON CLOTH
Wide knitted. Packed in 400g, 500g & 1kg packs.

LIGHT COTTON (QT)
Coloured cotton wipes. Uniformly sized pieces, reclaimed material. For general cleaning.

WHITE
Graded, from recycled bleached and white knit cottons. A high-performance rag. Excellent for furniture or wood staining.
HARD HATS / SAFETY HELMETS

1. TUFF Hard Hat

Textile Care

- Always follow the care instructions on our garment label
- Cotton dries out, becomes hard and brittle and loses all elasticity at temperature above 25°C
- Polyester is combustible but due to its thermoplastic nature, it tends to shrink away from the flame source and often self-extinguishes

2. Mens 3/4 Dust Coat

1. Metal Buttons
2. Pockets (Hips & Chest)
3. Size 34-52

3. Ladies Overalls
